Analytical report	Tested raw material /mastrebatch	Results
AR-13-JR-010781-01	Isplen PR-230 Repsol / Azul Vibatan PP65649	<2mg/dm <sup>2</sup> (3% acetic acid 10 days 40c.) <2mg/dm <sup>2</sup> (10% ethanol 10 days 40c.) 9mg/dm <sup>2</sup> (olive oil 10 days 40c.)

## **Information about dual use:**

According to information provided by our suppliers, the article delivered does not contain any dual use substances as defined in commission regulation (EU) No10/2011 (including the amendment up to commission regulation (EU) No 1183/2012)

## **Intended purpose:**

This confirmation applies to the article delivered by us as described. Commission regulation (EU) No 10/2011 provides guidance regarding the selection of the test conditions to be used for various foods. According to that guidance, the article meets the requirements of the above Directives for the packaging of the indicated fillers, provided that the food contact conditions stated below are complied with.

Food group: 08.04 Sauces  
Storage conditions: hot fill 80 degrees

Any information provided herein is only applicable on the indicated specified purpose. The issuer does not accept any warranty for a change of specified purpose.

## **Scope of application / general note on the declaration of compliance:**

As part of this declaration of compliance we confirm that the article delivered to you is in conformity with the European Union regulations.

The declaration of compliance is based on information provided by the suppliers, current knowledge, the production process used and applicable laws. It is issued to fulfil legal obligations against the authorities and not to establish a contract between us and the recipient.

This declaration of compliance shall be kept confidential and is intended only for the recipient and for submission to the authorities. It may not be disclosed to third parties without the issuer's prior written consent.

This declaration is valid as long as the condition of our articles is not changed and as long as there are no new regulations or scientific knowledge concerning our articles.
